Your Judges:

Zone 1: Don Gillingham, 294 Mckay Road Newport NS, B0N 2A0

It is an honour to have been selected to judge the 2016 Canadian National Master Hunt Test as the Zone 1 Representative. I was raised in a Labrador Retriever / hunting family so I have had dogs around me my entire life. I have been breeding, training and competing with my own dogs for over 26 years. The first 12 years as a hobby, while serving as an Officer in the Canadian Army, and the last 14 years full time in operating our kennel Huntersbest Labradors in Newport, Nova Scotia. I judge and compete in WC, HT and FT at all the various levels. In judging HT I like to set up straightforward tests that are something the everyday hunter could realistically see on an average day's hunt. No tricks, no gimmicks; however I adhere to a very high required standard of performance. With MH/NMHT titles being the pinnacle of achievement in the HT world I expect to see from the teams nothing short of excellence in obedience, marking, blinds and teamwork. I look forward to judging with my two co-judges and setting up good challenging tests for the competitors throughout the week. To the competitors, I look forward to meeting you all, watching you and your dogs work and I wish you all the best of luck

Zone 3: Dewayne Hay, 26 Rockcliffe Road Winnipeg MB, R2J 3E1

My wife Trish and I purchased our first Golden Retriever while living in Saskatoon in 1996 at which time we joined the Saskatoon Retriever Club. I immediately started to participate in hunt tests and developed a passion for the sport. This led to judging & organizing many hunt tests in Saskatoon and also chairing the 2010 National Master in Winnipeg where we now reside. I have been a member of the Manitoba Gun Dog Association since 2004. I have had the pleasure of owning seven golden retrievers since I began in the dog world and have obtained one National Master, two Grand Master and four master hunt titles. Being an extremely active waterfowl hunter I believe that hunt tests should be set up and judged as close to actual hunting situations as possible. The National Master Hunt is the top of the game and I believe it should be a challenging but fair event.

I am very excited and honored to have been selected along with my co-judges to judge the 2016 National Master Hunt Test. I look forward to working together with Rick and Don as well as the Mountain Valley Retriever Club and all the competitors to make the 2016 National Master an exciting and memorable experience for everyone. Good Luck to all the participants.

Zone 4: Rick Roberts, 890 Sheppard Rd Mill Bay BC, V0R 2P2

I have been married to Louise for 33 years. We have 4 kids, 8.5 grandchildren (one due in September) and 11 Goldens (plus 1 Brussels Griffon).

I started training dogs in 1987 when I joined the Vancouver Island Retriever Club to get help with training our new golden for hunting and put a WC on our first golden in April of 1988. Since that time I have been a constant in WC, Field Trials, CKC Hunt tests and HRC. I am a founding member of the Pacific Rim Hunting Retriever club (CKC) and Salt Chuck HRC and a member of numerous retriever clubs

I have trained 10 of my own dogs to the Master/Qual / Open levels and have enjoyed helping with the training of many others. I have been judging since the early 90's in all of the Retriever venues and have served on the CKC WC council, CKC Hunt Test Council and CNMRC executive. I am looking forward to judging this year's Canadian National Master Test and wish all the competitors the best of luck.

Behaviour and Conduct:

The National Master Hunt Test Stake adheres to CKC Rules and Regulations regarding all conduct and behaviour on the grounds. Additionally:

1. After a series has been officially set up by the judges, no dog on the grounds and still in competition shall leave the area of the series until it has been tested and excused by the Marshal, unless otherwise excused by the National Master Committee. Further, during the running of the stake no competing dog shall, while on the grounds, be exercised, trained or worked with the exception of a bumper thrown by the handler and this only in an especially approved area and only for the purpose of exercising the dog.
2. Any dog not entered in the stake and interfering with the running of the stake will be removed.
3. Exercise areas will be clearly defined.
4. Dogs not appearing on line when called will be given 15 minutes to do so.
5. Rotation of the starting dog will be used as directed by the Marshall.
6. No person participating in any capacity in the National Master shall be subject to an indignity of any kind. An officially appointed discipline committee will investigate any concerns.
7. No dog is to be allowed to watch any test having just run the test or not, thus eliminating confusion as to who has run and who has not and reducing the chance of dog fights.
8. The first scheduled test of the National will be announced. Each next scheduled test will be posted with the callbacks. This procedure will help create fairness for all by eliminating possible competitive advantage for those involved in putting on the test.
9. Judges have no obligation to go ahead with a scheduled test as conditions may change.

Canadian Kennel Club Caution:

It shall be the duty and obligation of the event giving club to see a judge, club official, volunteer, or any participant at a hunt test held under these rules is not subject to indignities of any kind.
