We will make every effort to ensure that these tests run smoothly and that everyone gets to run their dogs. There are no conflicts! Only blips and inconveniences. If you have conflicts please let us know as early as possible. We will accommodate!!

Everyone should remember that there needs to be a releaser and a catcher and that you need to bring two leads. You need to be waiting in line for your turn at least three dogs ahead and your catcher should be down at the finish gate at that point to. We are really trying very hard to keep things moving!!

We'll separate out the teams who are helping with more than one dog withing the groups so don't worry about being back to back in the schedule. We'll sort it!!

Anyone working the trials can run at the end if they like.

If I have left anyone out of the schedule please contact me @ patrickmudge2@yahoo.ca

We will make every effort to ensure that these tests run smoothly and that everyone gets to run their dogs. There are no conflicts! Only blips and inconveniences. If you have conflicts please let us know as early as possible. We will accommodate!!

Everyone should remember that there needs to be a releaser and a catcher and that you need to bring two leads. You need to be waiting in line for your turn at least three dogs ahead and your catcher should be down at the finish gate at that point to. We are really trying very hard to keep things moving!!

We'll separate out the teams who are helping with more than one dog within the groups so don't worry about being back to back in the schedule. We'll sort it!!
Anyone working the trials can run at the end if they like.
