Use of silicone-based aerosol products applied to dog's coats are discouraged and can ONLY be used where the floor has been covered to prevent the product from being sprayed directly onto the floor. These products create serious safety hazards over several days of continuous use. In the past, this has required professional cleaning to restore the floor surface after shows. The NKC does not assume responsibility for the cost of removal of this product from the Show Site floor. Exhibitors who use these products and do not properly cover their set up will be required to cover the cost of cleaning following the Shows if requested by the landlord. NOTE: Exhibitors may cover the floor with plastic, paper or fabric material and can be secured with Painter's tape. (Duct tape is NOT permissible).

The NKC provides a limited number of chairs for exhibitors at ring side. Exhibitors must bring their own chair for use at their personal set ups. Chairs taken from ring side to exhibitors' set ups will be removed.
