

JULY 24-25 2021

BE A PART OF THE FIRST NASDA TRIALS IN ALBERTA

6 TRIALS • 2 DAYS • 2 JUDGES

Titling opportunities through The North American Sport Dog Association available in Trailing & Locating, Urban Locating, & Shed Dog

Trailing & Locating events allow all breeds and mixes to use their natural hunting ability to trail, locate, and mark quarry in a simulated natural hunting environment.

Urban Locating working tests are to show the dog's ability to locate quarry in a decidedly human environment. This may include urban parks, a street, warehouse, working barn, etc.

Shed Dog events are to simulate common field work of recovering shed deer, moose, and elk antlers.

*Dogs must be registered with NASDA to compete. All breeds & mixes welcome.
One time registration fee is \$10 USD.*
